EXP-ECDLP-da4ba3 / RUN-ECDLP-dad803

Observations only; no scientific verdict or ECDLP claim.

Independent check: passed; rows=128; failures=0

Inputs, commands, versions, resources: manifest.yaml / environment.json.

Exact records: raw-result.json; independent recount: verification.json.

Both fixed panels and both enumeration orders; synthetic screen controls.

Fp/Fp2 give two D traces; F_D_candidate is inferred from geometry.

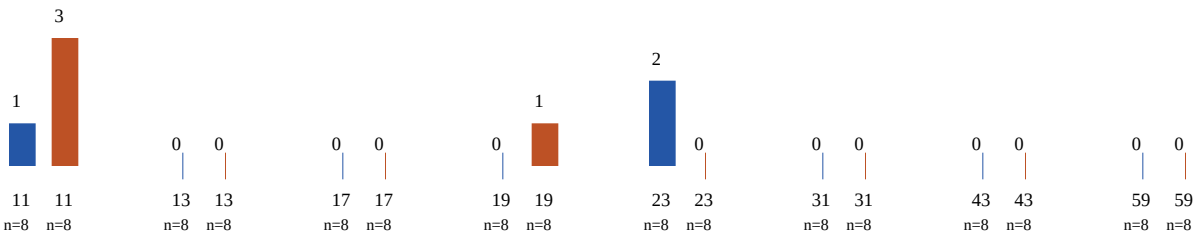
No independently complete genus-three Frobenius polynomial or maps.

No subgroup action, ECDLP recovery, speedup or security conclusion.

F43 (0,1) is calibration. No canonical research graph changes.

Human PDF inspection is required before archive.

RUN-ECDLP-dad803: recorded overlap counts; actual n shown



p on x axis; overlap count 0..8; blue=primary, orange=companion
